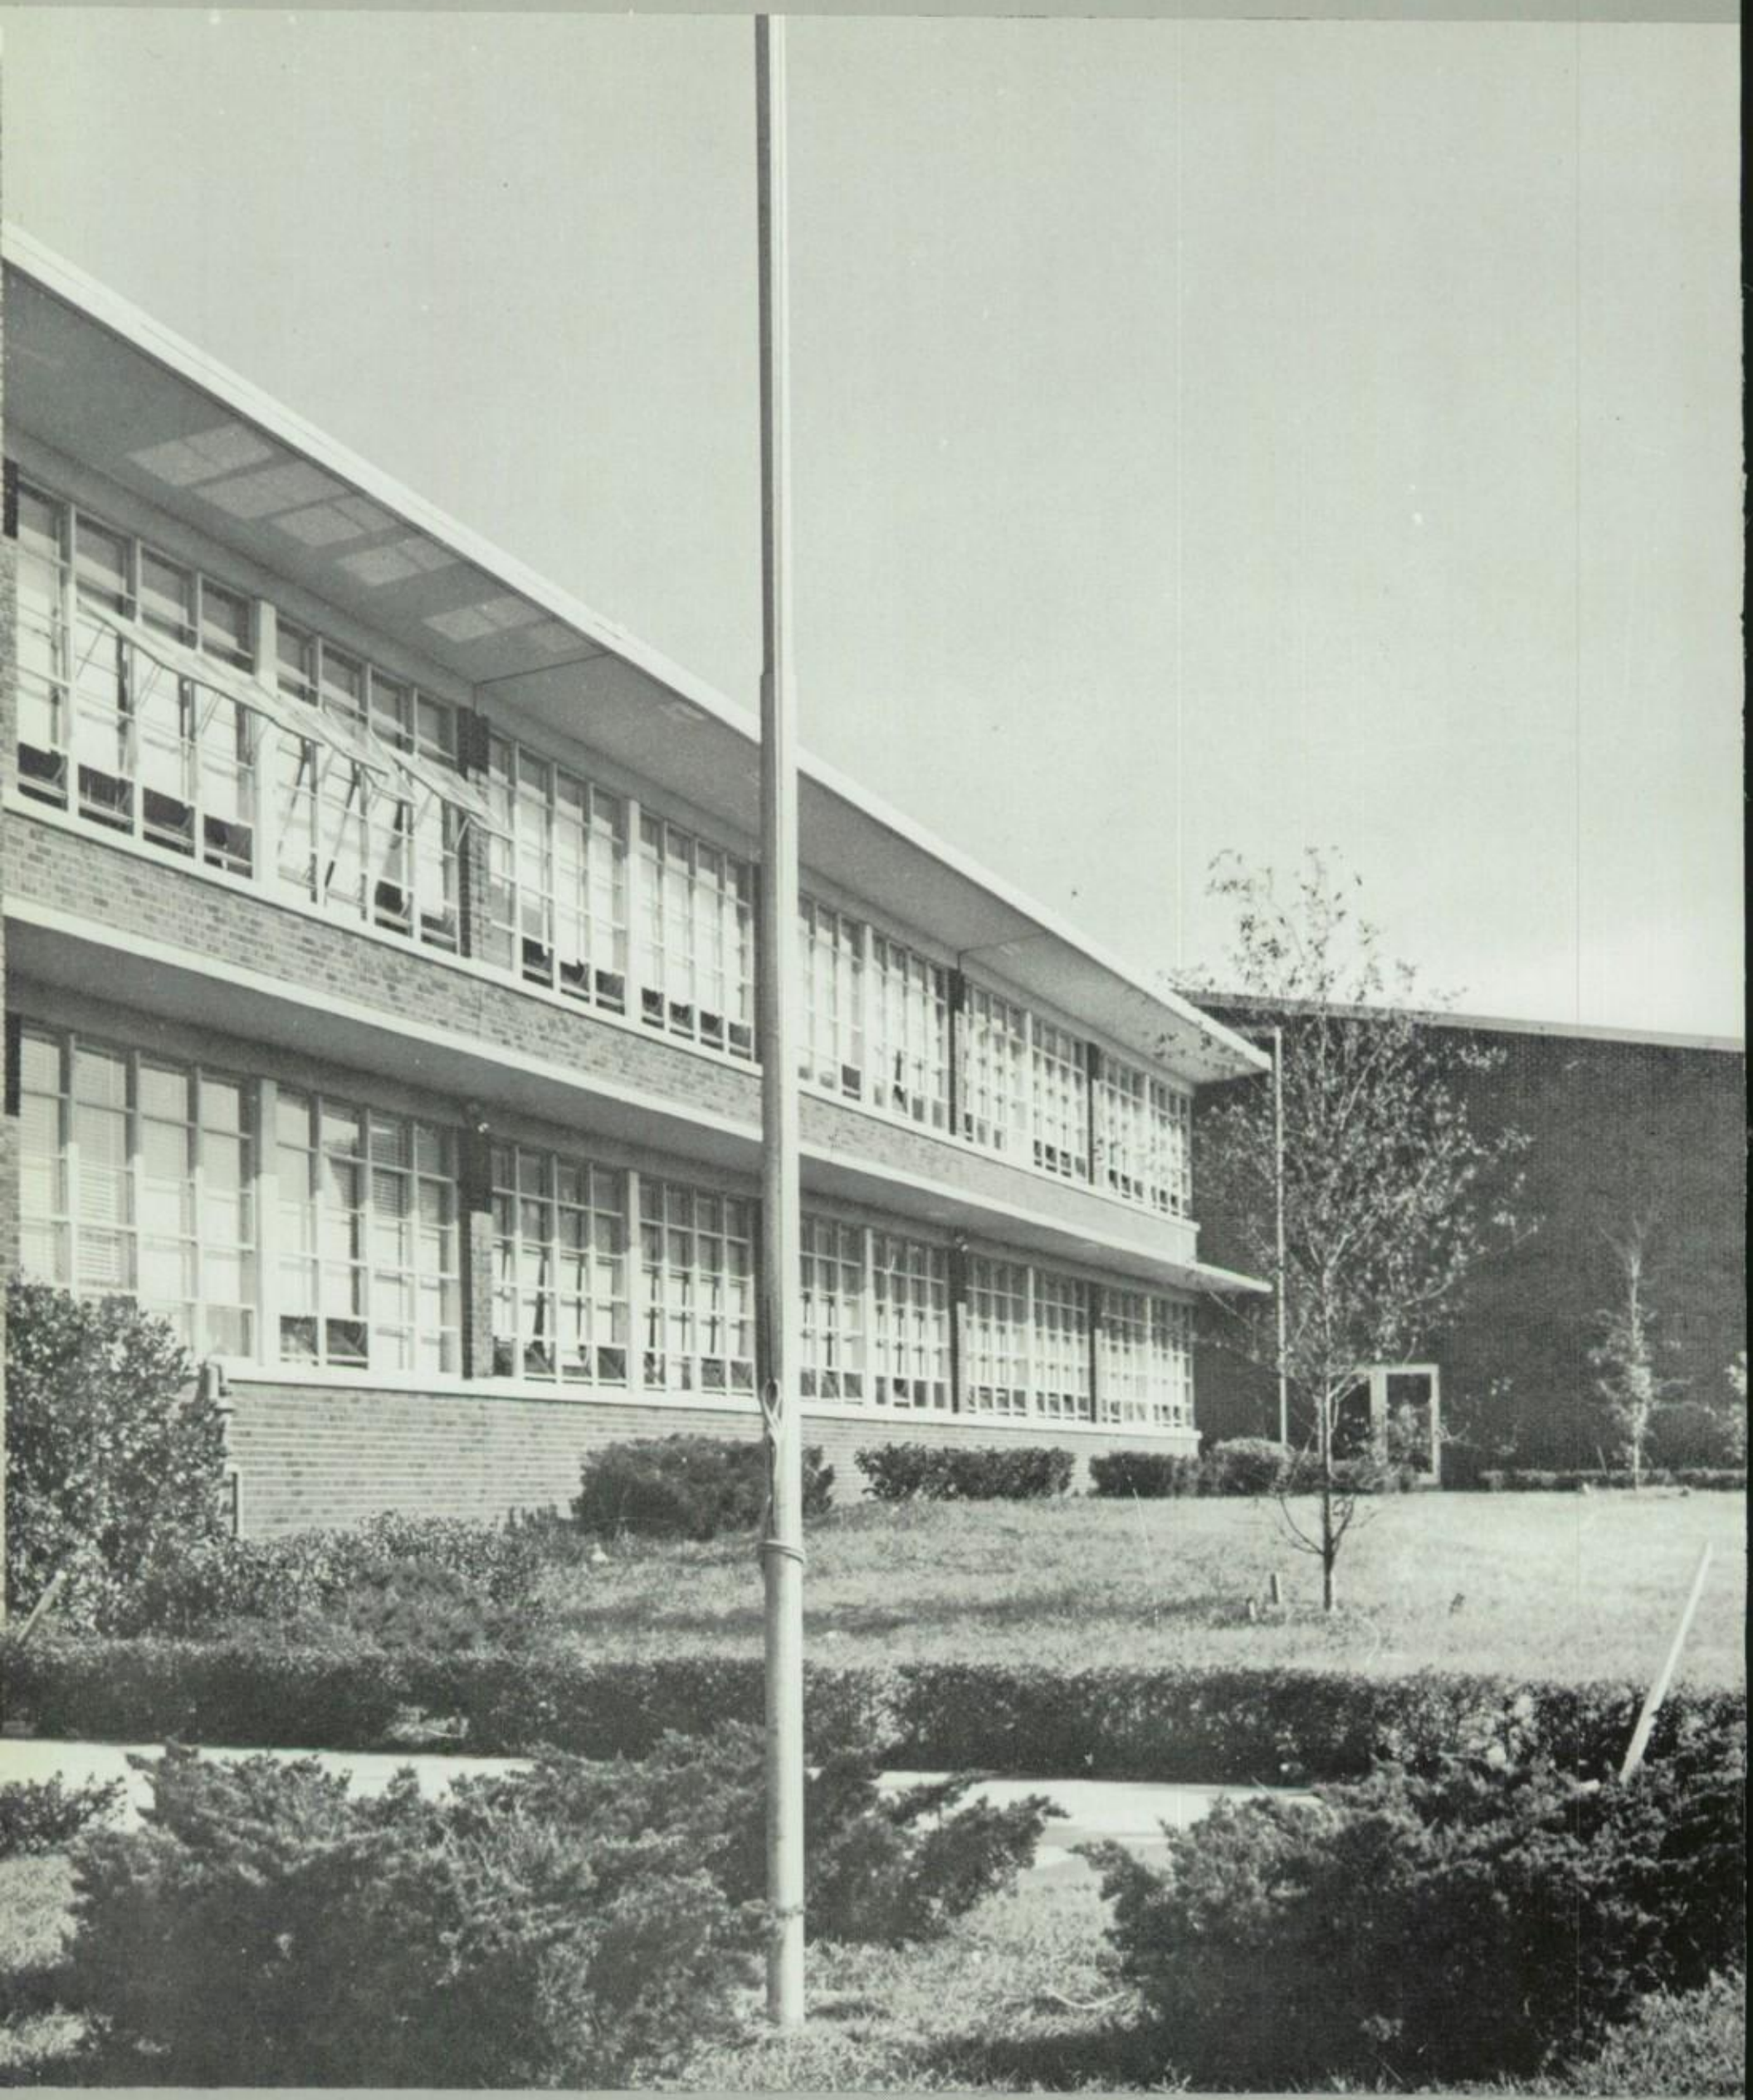
## JOHN OVERTON HIGH SCHOOL
## NASHVILLE TENNESSEE



# The Beginning . . .

was in 1958 when a dream became a reality. The contract was signed, materials were delivered. This was the beginning of an exciting year. John Overton School soon opened its doors to 250 students in the seventh and eighth grades. Under the leadership of principal Edmond Tipton and 14 faculty members, the school began a lively existence.

As the student body began to grow, many new additions were made. In 1961 the girls' gym, as well as the entire left wing was built. By this time Overton had added grades nine through eleven to its enrollment. In 1962 preparations were finally completed for the formation of a junior-senior high school at Overton. A lighted football stadium had been built. A faculty of 62 dedicated teachers waited to meet the first graduation class: the class of 1963.

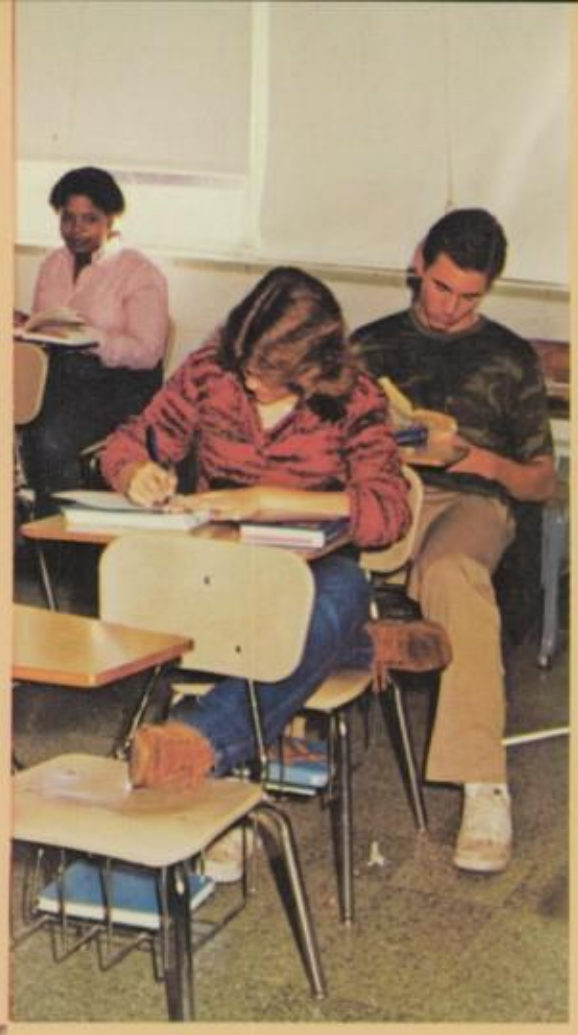
Until this time Overton had not yet been accredited as a high school. Parents, teachers, and students held their breathes hoping that Overton would be accepted by The Southern Association of Colleges and Secondary Schools. This committee was quite favorably impressed with our school. Although Overton was still young, spirit and enthusiasm ran high.

As the school membership continued to grow, new expansions were needed. In 1970 the track was constructed. In 1977 ground was broken for the new vocational wing. It stood ready in 1978 when the first freshman class since 1970 entered its doors.

Today Executive Principal William Stanfield, along with 87 faculty members, are working to further the dream for 1,600 students. Overton has attained excellence as a high school. It has gained the respect of the educational community. The memories of Overton and our hopes for its future will continue to shape it in the years to come. As we look toward the future, it would be difficult to forget the words of its first principal, Mr. Edmond Tipton: "John Overron should be the best of schools." Few would dispute that Overton has become just that. And the dream continues . . .

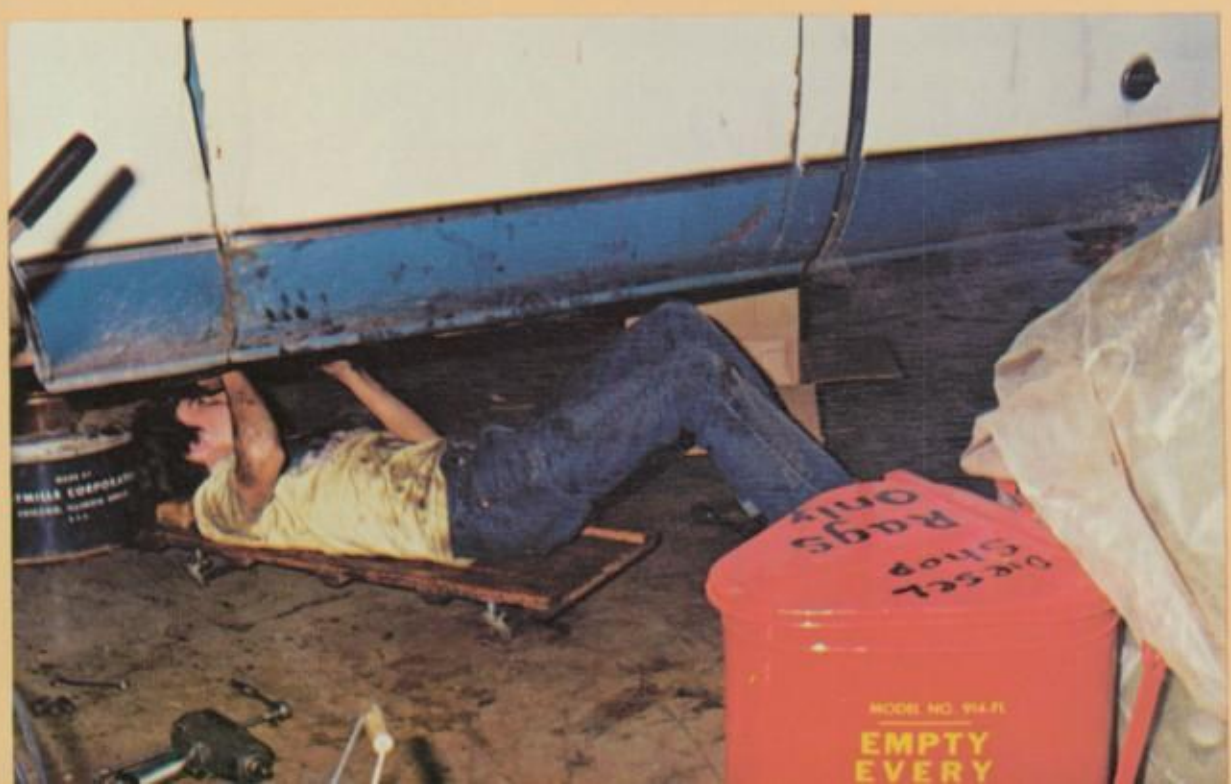
## Alma Mater

Here's to the land which gave me birth,
Here's to the flag she flies.
Here's to her sons, the best on earth,
Here's to her bright blue skies.

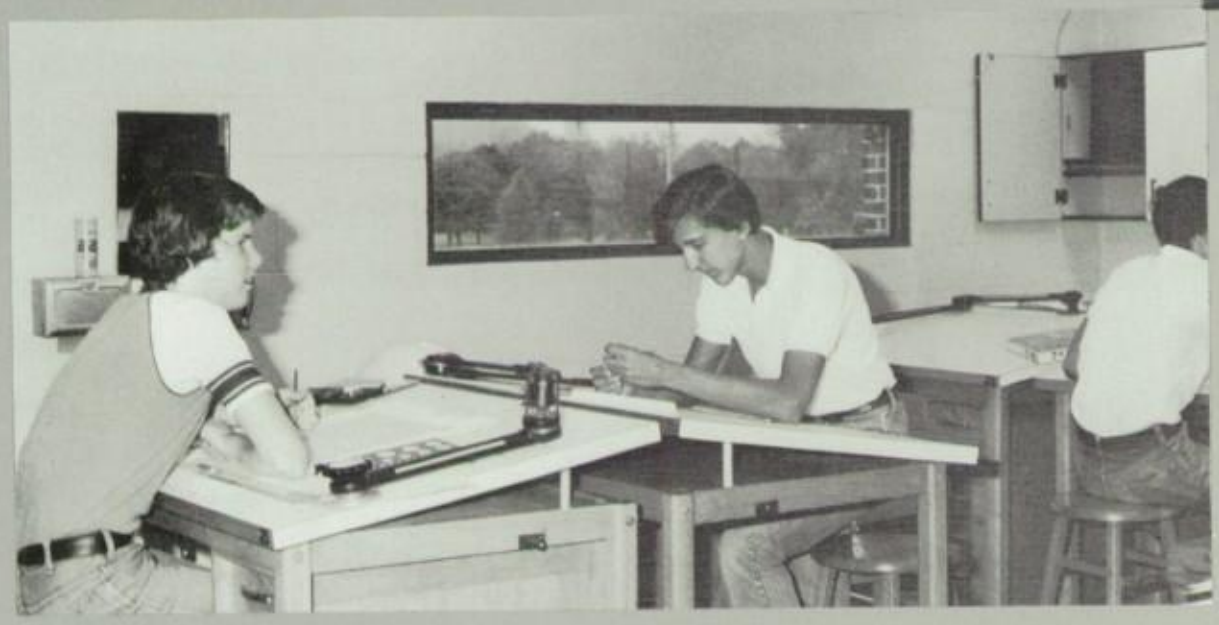


Here's to our
Alma Mater dear

# True as the stars above



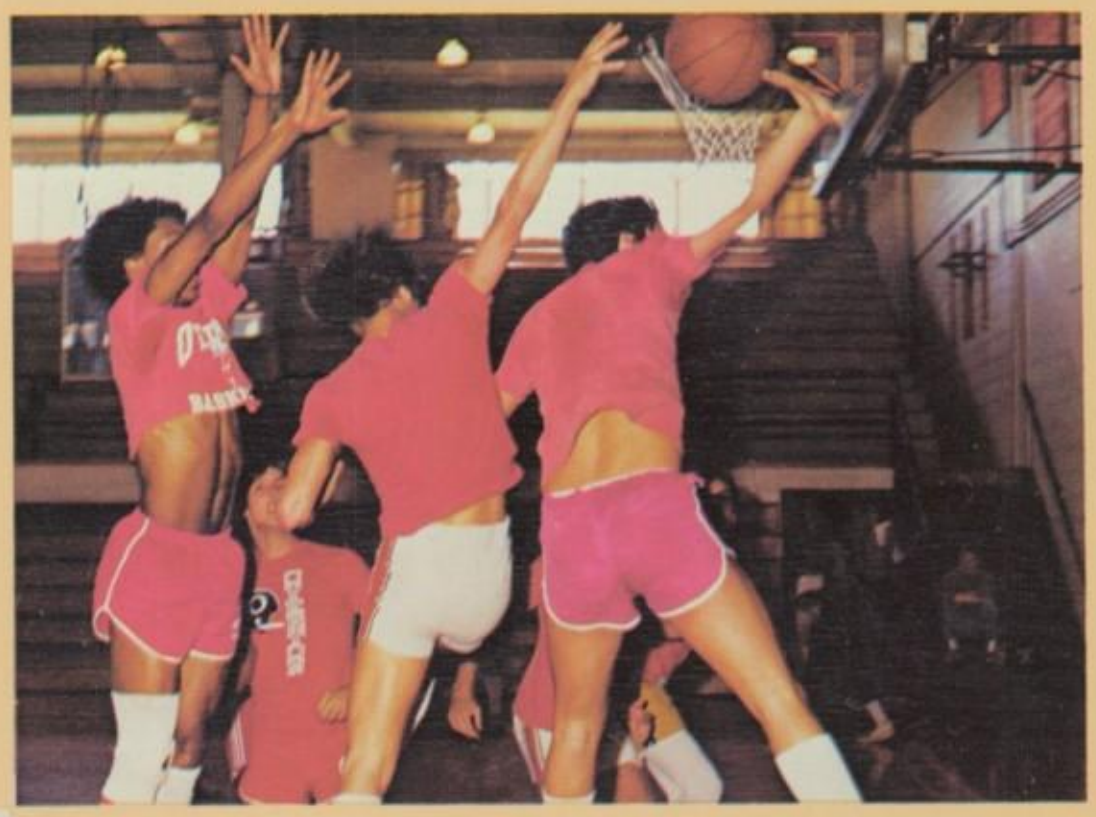
Here's to her
fame and
honor dear

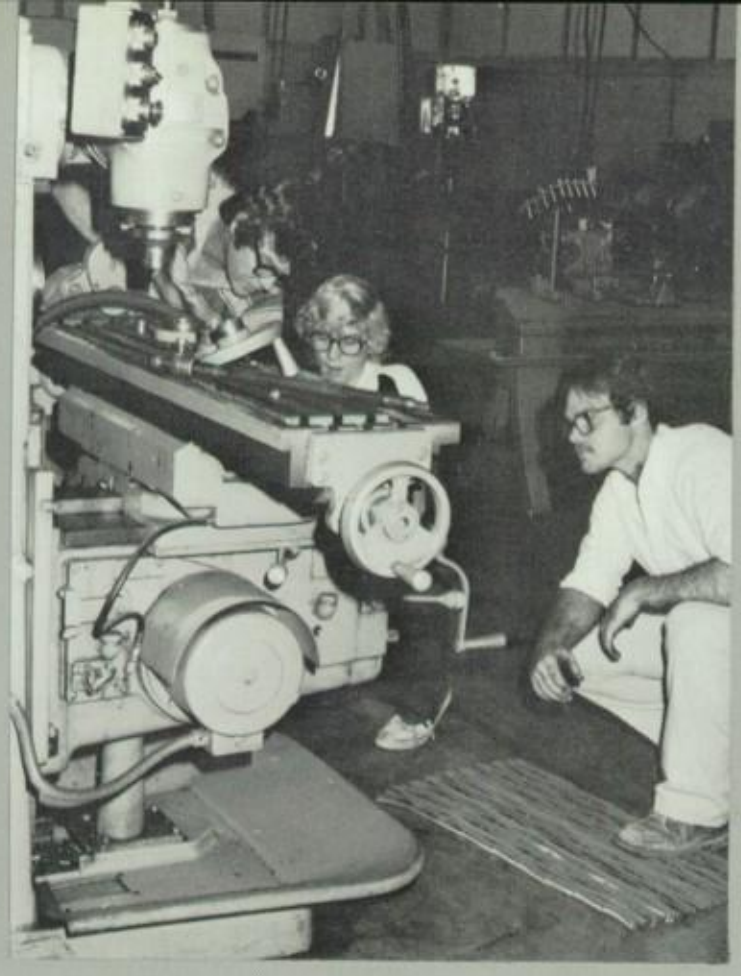


# Here's to the school I love.

John Overton,
John Overton

# We never shall forget





# That golden haze of student days

Is 'round about us yet.

# Those days of yore

Will come no more

But through our later days

The thought of you, so good, so true

## Will fill our hearts

with praise.

OVERTON football 1981, reached a pinnacle of success, that many fine Overton teams of previous years, who have worked just as hard, but for various reasons have failed to obtain.

To point any one reason for the success of the season would seem unfair and to mention them all would be too lengthy. However, several key factors do need recognizing. The outstanding leadership of the senior players was very instrumental in he squad was tremendous. The willing sacrifice of time and total effort was the mainstay of the team.

Overton football was led by a crushing defense, an error free offense, and an excellent kicking game. The team was built completely within the team concept that "All individual desires are submerged for the benefit of the team."

Life is a sweet because of friends we have made and the things which in common we share; we want to live on, not because of ourselves, but because of the people who care!

Dare to face the wind. If you do your best and lose, success has still been accomplished. If you work your hardest and win, then your best was just good enough.

We can compare our lives to the plant mistletoe, it is allowed to grow anywhere, but is limited to one tree as we are limited to the world we live in. There are hundreds of branches that it can grow on and in hundreds of directions. We must choose the branch on which to live and make it work. If we don't we may become infested and stagment and live without purpose.—Robby Parrish

It's been a super year!

Even though at times I felt that the work would never end, and that I would love to forget the responsibility, I think this year's experience as editor has been extremely rewarding. It helped me to discover my strengths and weaknesses and taught me how to make decisions, adhere to them, and be proud of them.

The credit for the '82 *Overtour* belongs to many. It required the work of the entire staff, whose hard work and extra hours I greatly appreciate. I am tremendously thankful to Miss Carolyn Pickering, our yearbook advisor, whose patience and criticism kept the staff going. Special thanks go to Mr. Bill Benson, our Herff-Jones representative, who gave so much of his time to the layout designs, and Mr. Tom McCray, who was our photographers this year. Also to be thanked are the Bobby Goldsboros for allowing the staff to make pictures in their homes.

I hope that each memory of the '81-'82 school year is captured in your *Overtour*, and that those memories will be as special to you as they are to me.
